1. Aims

The aims of relationships and sex education (RSE) at our school are to ensure students learn about:

- Different types of relationships, including friendships, family relationships, intimate relationships, dealing with strangers
- How to recognise, understand and build healthy relationships, including self-respect and respect for others, commitment, tolerance, boundaries and consent, and how to manage conflict, and also how to recognise unhealthy relationships;
- How relationships may affect health and wellbeing, including mental health;
- Healthy relationships and safety online; and
- Factual knowledge around sex, sexual health and sexuality, set firmly within the context of relationships.

The aims above are in line with the core expectations that we promote to all students: maintain a positive attitude, show respect for all and display high levels of commitment to being the best you can be.
